Projects ...

A big part of our success to date are the projects we have undertaken. They create opportunity for our members to learn and feel some worth in some cases. Creating links with other organisations has also helped us spread the word and drive our fundraising.

Covid 19 created need for Project Shield. Produced 100's of facemasks to community Org's

We have made various Lending Libraries & Storage Solutions for Schools.

Sign making for a community project in conjunction with other organisations for Minding the Garden.

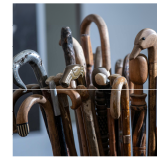

Future vision ...

Membership numbers continue to increase & we drive our social inclusion goals.

Continue to raise funds to sustain membership growth & continue to offer a Shed for generations to come

Undertake larger projects & develop everyone's core skills in order to attract further requests for help & sustain membership.

Offer a supportive and inclusive environment, a place where men can feel comfortable to talk and share.
